

The Presenters:

Gail Beckwith-Myrick, M.Ed., P.T.

Gail has over 30 years of experience working in a variety of settings including medical, school, residential, private practice and early intervention. Currently Gail services children birth to three years through ESS programs as well as being a member of a developmental assessment team evaluating children birth to five years old. Gail holds a BS in Physical Therapy, Masters in Special Education, and is certified in Pediatric NDT and advanced training in Craniosacral Therapy and Myofacial release.

Laurette L. Carlson, SLP, M.Ed. CCC/SLP

Laurette is a certified Speech and Language Pathologist who has worked in a variety of settings providing direct and consultative services to children birth through age 21. Laurette has worked with developing communication programs for children diagnosed as non-verbal, autistic, and severely apraxic. As an Early Intervention services provider, Laurette provides assistance to children and families in their home setting, as well as she is a member of a developmental assessment team evaluating children birth to five years old. Laurette holds a BS in Psychology, Masters in Speech and Language Pathology, and is ASHA Certified.

Suzanne V. Iverson, M.Ed. has worked in the field of early intervention for the last 20 years in a variety of programs and positions. Currently she works as the Early Supports and Services Program Director at Community Partners and has done so for the last 8 years. She holds a Bachelors degree in Child Development and Family Studies, and a Masters degree in Early Childhood Special Needs with an emphasis in Early Development. Suzanne served on the eein board for 9 years and held the roles of Secretary for 2 years and President for 4 years.

***Tools for your Tool Belt* is
a 'hands' on workshop
designed to assist Early
Supports and Services
providers with
transdisciplinary service
delivery.**

**The presenters will share
strategies for keeping the
"fun" in and "same old"
out of your work with
children.**

**Participants will explore
the use of toys as tools to
achieve your trans-
disciplinary intervention
goals and learn ways to
make the most out of your
tool box of toys and
materials when
working with children.**
